EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given by Allan M. Lowe (Reg. No. 19,641), via telephone on January 17, 2006. The application has been amended as follows:

1. A telecommunication method using a network including at least two network elements; the method comprising the steps of:
 - broadcasting data over the network by a first network element;
 - including, within the data broadcast by ~~the least two network elements~~ a first of the network elements, the resources of the first network element available for sharing;
 - requesting the use of at least part of the available resources of the first network element by a second network element;
 - negotiating a cost for the resources by the first and second network elements;
 - after the cost has been negotiated, executing a task by co-operation of the first and second network elements by using the requested and negotiated resources of the first network element and resources of the second network element; and

releasing the resources of the first network element by the second network element after completion of the task.

14. A method of sharing network resources between first and second elements of a network, the method including:

performing a discovery phase, the discovery phase including a first network element broadcasting a notification of its sharable resources over the network;

performing a negotiation phase; and

performing a fulfillment phase,

the negotiation phase including an agreement of a cost for the use of shareable resources of the first network element by the second network element during the fulfillment phase, and

the fulfillment phase including co-operation between the first and second network elements of the sharable resources of the first element in accordance with the agreement made during the negotiation phase.

15. (Canceled)

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Hassan Phillips whose telephone number is (571) 272-3940. The examiner can normally be reached on M-F 8:00am-5:00pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Zarni Maung can be reached on (571) 272-3939. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see <http://pair-direct.uspto.gov>. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).
